

US 2018

The Clinical Data Science Conference

June 3rd-6th

Raleigh Convention Center
Raleigh, North Carolina, USA

The PhUSE US Connect will be held at the Raleigh Convention Center in downtown Raleigh, NC and have the same format as the annual EU Connect, with concurrent streams, evening social events and plenty of opportunities to network.

We are delighted to announce that the keynote speaker for this inaugural event will be Ian Khan (iankhan.com), an internationally known inspirational speaker on emerging technologies.

Given the theme of the PhUSE US Connect (Transformative Current and Emerging Best Practices) and Ian's new upcoming book, "Meaningful Conversations – Creating Value in the Era of Digital Transformation", we can only expect that this keynote address will be uplifting and informative to all PhUSE members.

To participate in this landmark event, submit an abstract into one of the Connect streams by December 1st 2017 – phuse.eu/usconnect-2018-conference-call-for-papers-overview.
