Subteam: Drugs & Biologics Survey Subteam  
Chair: Alan Hartford  
Co Chairs: Caroline Morgan and Fanni Natanegara

**Subteam Objectives**

- To gather information on the perception and use of adaptive designs for clinical development programs in the drugs and biologics industry and academia, in order to identify any persistent barriers to implementing such designs and provide recommendations to overcome these challenges.

**Subteam Deliverables**

- Industry survey to be sent out 2016  
- Presentation of preliminary results 2016  
- Publication expected 2017

**Participants**

- Alan Hartford  
  Alan.Hartford@abbvie.com  
- Caroline Morgan  
  caroline.morgan@cytel.com  
- Fanni Natanegara  
  natanegara_fanni@lilly.com  
- Chris Coffey  
  christopher-coffey@uiowa.edu  
- Li Chen  
  lic@amgen.com  
- Alun Bedding  
  (will be updated soon)  
- Susan Huyck  
  susan.b.huyck@merck.com  
- Lingyun Liu  
  lingyun.liu@cytel.com  
- Silke Jörgens  
  silke.joergens@iconplc.com  
- Mitch Thomann  
  mitchell.thomann@lilly.com

**Meeting Schedule**

- Approximately Bi-weekly meetings (DIA dial-in numbers available)  
- November 17 and 23  
- Will schedule for a date between Dec 7 and 18

**Resource Needs: Notes / Issues**

- Survey distribution – SurveyMonkey

DIA: Adaptive Design Scientific Working Group
